DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The last four lines of claims 1 and 7 are indefinite because the “if” statement fails to clearly set forth when an error condition occurs. The elements of claims 2-6 fail to be clearly related to and structurally connected to the previously recited elements. Claim 7, lines 7 and 8; the phrase “said receiving means” lacks clear antecedent basis. The steps of claims 8 and 9 fail to be clearly related to the previously recited sequence of steps. Claims 10-12 refer to “The method of claim 1” but claim 1 is an apparatus claim.

Allowable Subject Matter

2. Claims 1-12 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Specification

3. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Art Unit: 2193
